Te Runanga o Te Rarawa Strategic Priorities

The next couple of years are pivotal for Te Rarawa and it is essential to focus a work plan on a number of outcomes which must be achieved if we are to move forward in a positive way. The work plan will be driven by the following strategic priorities:

- To consolidate and lay the foundations of the settlement,
- To improve and integrate communication so we are better informed,
- To provide better support for hapū/ marae and takiwa,
- To strengthen Runanga governance,
- To create synergies between hapu and the Iwi and across Te Hiku,
- To build a strong social, environmental, cultural and economic development focus.

These strategic priorities will deliver results that contribute to all the long terms goals and reinforce all the wellbeing pou.

Nga whainganga matua: Long term goals

The Iwi strategic plan sets out seven long term goals.

- 1. Te Rarawatanga:** Te Rarawa whānau and hapū have a strong identity grounded in our history, culture, and tikanga.
- 2. Hapū development:** Our marae and hapū develop their potential.
- 3. Economic development:** To grow a sustainable economic base that will support Te Rarawa whānau, hapū, and iwi aspirations.
- 4. Te kaitiakitanga o te taiao:** That we look after our environment so that it sustains our communities.
- 5. Matauranga:** Te Rarawa people are educated and trained to achieve their potential and support the development of the iwi.
- 6. Oranga:** To enhance whānau health and wellbeing and build strong communities.
- 7. Rangatiratanga:** That Te Rarawa shows leadership and ensures our voice is heard where issues concern us.

He Rārangi Tohutohu - Our values

Rangatiratanga: Effective and courageous leadership that is innovative and visionary.

Kotahitanga: Working together and building a unity of purpose.

whanaungatanga: Strengthening our connections with each other.

Manaakitanga: Looking after each other.

Wairuatanga: The spiritual dimension alongside the physical.

Kaitiakitanga: Taking responsibility for our environment so it can sustain our communities.

Mana whenua: The customary authority of hapū over our rohe.

Ahikā: Recognition of those that keep the home fires burning.

Mātauranga: The value of knowledge and expertise.

Te reo: Our language is a cornerstone of who we are.

Whakatau tika: Accountability underpinned by open communication, transparency, and sharing of information.

Four Pou Principle

The erection of pou have always been used to articulate our history, define our authority and provide a tangible reference to achievements of the past and aspirations for the future. Te Runanga o Te Rarawa has established four wellbeing pou to underpin and influence all of its activities, namely, the cultural pou, the economic pou, the environmental pou and the social pou. These four pou are interconnected and each cannot be viewed in isolation from the others. They form the foundations from which the Runanga will strive to fulfil its vision. They provide a framework and will be the drivers of multiple long term outcomes.
